PROFESSIONAL SUMMARY

Dedicated and motivated third-year Information Technology undergraduate at SLIIT with a strong foundation in software development, web technologies, and database management. Experienced in full-stack web development (React, Node.js, MongoDB) and mobile application development (Android/Kotlin). Passionate about designing efficient, user-friendly applications and eager to contribute technical skills in an entry-level IT or software engineering internship role.

EDUCATION

Bachelor of Information Technology (Hons) - Sri Lanka Institute of Information Technology (SLIIT) 2022- Present

- Currently in Year 3 - Semester 1
- Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management, Web Technologies, Software Engineering

Diploma in English - Sabaragamuwa University of Sri Lanka 2022 – 2023

- Strengthened professional English communication skills for academic and workplace settings

TECHNICAL SKILLS

Languages	C, C++, Java, JavaScript, Kotlin, HTML, CSS, PHP
Frontend	React.js, HTML5, CSS3
Backend	Node.js
Databases	MongoDB, MySQL (SQL)
Mobile Dev	Android Studio (Kotlin)
UI/UX Design	Figma
Concepts	Object-Oriented Programming (OOP), Data Structures & Algorithms, RESTful APIs
Soft Skills	Problem Solving, Leadership, Communication, Time Management

PROJECTS

Skill Bridge Mobile App | *Android Studio · Kotlin*

- Developed a mobile application designed to connect skilled workers with potential clients
- Implemented user profile management, skill listing, and booking features
- Applied clean architecture principles ensuring modular and maintainable codebase

Juice Bar Mobile App (UI/UX Design) | *Figma*

- Designed a complete end-to-end mobile app UI including onboarding, authentication, menu, cart, order history, and order tracking screens
- Applied UX best practices to create a seamless customer ordering experience
- Delivered a polished, high-fidelity prototype suitable for developer handoff

Solar Web Application | *React · Node.js · MongoDB*

- Contributed to the development of a solar energy management web platform
- Implemented modules for user registration and subscription/package purchasing

Car Rental Web Application | *PHP*

- Developed the Contact Us and About Us pages as part of a team-based web project
- Collaborated with peers to ensure consistent design and functionality across modules

Learning Management System (LMS) | *React · Node.js · MongoDB*

- Designed and implemented the lecture session booking module for a web-based LMS
- Integrated frontend form validation and backend API connectivity using the MERN stack

EXTRA CURRICULAR ACTIVITIES

- Active participant in Dance Sense at Sri Lanka Institute of Information Technology.
- Former member of “Kalaanethra Society” SLIIT
- Served as Junior Western Band Leader.
- Served as a Prefect
- Member of the Environmental Club.

LANGUAGES

- English - Professional Working Proficiency
- Sinhala - Native
